WARMBLOOD TACK STORE OPENS

NOVEMBER 2009 - Warmblood Tack Store, an online retailer specializing in oversized tack, gear and gifts for Warmblood and Draft Cross Horses, announced its opening today.

"Trying to find a 90" fly sheet or waterproof turnout has always been quite a challenge" says owner, Jan Grimm. "We offer various styles and weights of blankets up to size 94" as well as oversized tack, riding gear, and gifts."

The Warmblood Tack Store was founded in an effort to provide an array of oversized tack in one convenient location for those owners of the larger horse. With the popularity of Warmblood and Draft Cross horses growing, the Warmblood Tack Store is filling a void that has existed in that sector for several years. In addition to oversized tack and blankets, the Warmblood Tack Store also offers gifts and unique items for all horse enthusiasts.

About Warmblood Tack Store

A new online specialty retailer, the Warmblood Tack Store is committed to offering an abundant selection of oversized tack and blankets for Warmblood and Draft Cross Horses, as well as riding gear and unique gifts. We are passionate about the larger horse and want to help those owners by providing a dependable source for their 'big horse' needs.
